## 🪪 PROFILE

I am a highly motivated individual with a passion for web development. In the past six months, my journey in this field has been driven by self-study and practical experience, during which I have established a strong foundation in key technologies such as JavaScript, HTML, and React.

## 🧠 SKILLS

Frontend: HTML, CSS, Javascipt, React,  SCSS, Bootstrap

Backend: NodeJS, Express, MySQL, MongoDB, Git

Soft Skills: Interpersonal skills, Decison making, Strong determination

## 📂 PROJECTS

**Deliveroo Website Clone**
A React-based front-end replica of a food delivery website. This project replicates features such as the modal pop-up animation, shopping-cart function, responsive design, and Google Place API.

**Melbourne Travel Website**
The website showcases Melbourne's attractions with concise navigation and beautiful photos using vanilla HTML and CSS. It also features with login page and interactive Google map.

**Snake Game**
Developed a snake game using HTML and JS, featuring <canvas> elements for rendering the gameplay. Players use the arrow key to control the snake and eat fruits. The game also tracks the highest mark on local storage.

## 💼 WORKING EXPERIENCE

**Receptionist,** *Essendon Hotel*                                                06/2023 – 09/2023
  - Problem-Solving Skills: Routinely handle unforeseen situations, ensuring          Melboune, AUS
    minimal disruption to office operations and customer service.
  - Interpersonal Skills: Cultivate strong relationships through regular customer
    interactions, fostering a welcoming and supportive environment.

## 🎓 EDUCATION

**Hong Kong Baptist University,** *Bachelor Degree in Philosophy and Religion*          09/2020 – 04/2022
